

6 Ways to Use Plants in Your Home Decor

Empty Corners

Place a large potted plant or small tree in the empty corners of your living room, dining room, and/or bedroom.

Bookshelves

Add life, color, and texture to your decor with a variety of small plants on your bookshelves.

Dining Table

A vase with green stems or florals creates a beautiful dining table centerpiece, and a relaxing atmosphere.

Coffee Table

Add a fresh and vibrant look to your living room decor with small plants or florals on your coffee table.

Entry Table

Create a seamless transition from the outdoors to the inside of your home by placing a plant on your entry table.

Bathrooms

Plants boost your mood and create warmth in your bathroom. Look for plants that love humidity but can tolerate low-light.
